

## Chapter 1 & 2 Checkout Receipt Peer Review

Violet was overall a very friendly and helpful partner for this assignment. They were very knowledgeable and helpful despite my rusty experience with JavaScript. They helped me when I was coding and explained what they were doing and why when they were coding, since they had a lot more experience than me. However, at times I did feel like I just wanted to code a bit more and Violet recommended I commit often to split the work up, which I do agree with. Overall, Violet was a great partner and I hope to work with them again.
